

Chang-Yu (Cecilia) Yin

AI Transformation & Digital Project Leader

Taipei, Taiwan | LinkedIn: [linkedin.com/in/chang-yu-yin-2a808455](https://www.linkedin.com/in/chang-yu-yin-2a808455)

Summary

AI transformation leader with hands-on experience delivering generative AI solutions from concept to production. Specialize in translating business challenges into practical, scalable AI applications that improve operational efficiency, decision-making, and execution quality. Strong track record of cross-functional collaboration across R&D, operations, IT, and external partners, focusing on deployable, governable, enterprise-aligned solutions.

Experience

Deputy Manager – Sercomm Corporation, Taipei City, Taiwan

Apr 2025 – Present

- Lead BPM system replacement (BPM 2.0): reverse-engineered 300+ forms, designed AI-driven workflows, and aligned business requirements with technical specs; estimated cost savings of NT\$6–10M.
- Built AI-assisted exchange rate automation solution, reducing daily manual processing time from 30+ minutes to under 5 minutes.
- Ensured AI initiatives complied with internal governance, data protection, security, and regulatory requirements.
- Executed FX rate automation and oversaw NOTES system data migration to ensure data integrity and smooth transition.
- Contributed to AI infrastructure and deployment processes, improving solution stability, maintainability, and time-to-value.
- Drove product master data alignment across systems by documenting data logic, clarifying ownership, and establishing a unified source of truth.

Project Manager – 104 Job Bank, New Taipei City, Taiwan

Feb 2023 – Oct 2024

- Participated in ERP migration projects, leading SAP implementation for MM/FI/CO modules.
- Conducted requirement interviews, analysis, project management, and system maintenance for BPM and ERP systems supporting accounting and procurement.
- Planned and tested data integration processes between BPM and ERP systems.

Business Analyst – Nan Shan General Insurance, Taipei, Taiwan

Mar 2022 – Feb 2023

- Performed business process and requirements analysis for accounting and sales support systems.
- Managed data warehouse and led data lake implementation planning, utilizing SAP BO/BW to generate user-required reports.
- Contributed to IFRS17 project implementation and core system migration.

Manager – Mercuries Data Systems Ltd., Taipei, Taiwan

May 2014 – Mar 2022

- Partnered with stakeholders to define project objectives and drive successful execution.
- Managed trade-offs between cost, resources, scope, and time to achieve project goals.
- Provided regular project status updates and maintained clear, effective communication channels.
- Managed project changes and collaborated with stakeholders to resolve issues effectively.
- Mentored team members and coordinated execution to ensure delivery quality, timeline adherence, and stakeholder alignment.

Presales – Kingwaytek Technology, Taipei, Taiwan

Sep 2012 – May 2014

- Engaged with customers to understand and translate technical and functional requirements into customized solutions.

- Prepared detailed proposals and responded to RFI/RFP/RFQ requests.
- Collaborated with Sales, Art, and R&D; teams; developed comprehensive project plans, timelines, budgets, and resource allocations.

Education

University at Albany – M.L.I.S., Information Systems and Technology (2001–2002)

Yuan-Ze University – B.A.Sc., Industrial Engineering (1994–1997)

Certifications & Skills

Certifications: AI & Agility: A Comprehensive Introduction (Scrum Alliance, Feb 2025) | Project Management Professional (PMP, PMI, 2016–2025) | ITIL V3 Foundation

Core Skills: AI Transformation, Generative AI Solutions, Digital Transformation, BPM, ERP (SAP MM/FI/CO), Data Governance, Master Data Management, Vendor Management, Requirements Analysis, Systems Analysis, Project Management, Stakeholder Management, Cross-functional Collaboration
